

NOTICE

Important instructions for printing forms that you will be submitting to the TSP Service Office:

To print a form, select a form below by clicking on it. Select **File** from the menu at the top of your computer screen and then select **Print**. Once a dialog box appears, de-select (uncheck) the "**Shrink oversized pages to paper size.**" Then click **OK**.

(Adobe Acrobat shrinks an oversized PDF form to fit the page when it prints. TSP scanning equipment that is used to read the form cannot read this smaller image. This may delay the processing of your form because it requires that your form be processed manually. However, you can correct this problem by following this procedure.)

Print these forms on **white paper**. Colored paper may prevent forms from being processed properly, which may delay fulfilling your request.
